Timothy Houska was conceived and born to preach the Gospel! Tim's parents, Robert and Violet Houska spent their entire lives serving as evangelist, then later in life as pastors. Tim's father, Robert made a decision to take his family onto the mission field in the United States the moment he graduated from a Baptist Bible College in Texas.

Tim traveled the United States extensively as a child, one of the twelve Houska siblings. During his youth, he and his siblings worked diligently in the ministry beside their parents. Each sibling being gifted for ministry and each played an instrument or instruments and could sing. Tim plays drums and sings. The Houska family became highly sought after because of their musical abilities and talents, in addition to the proficiency of the Word preached by his father Robert. There were healing miracles present as his mother Violet prayed for those in the services. This prepared Tim for the divine plan that God had for his life. What Tim perceived in his parents ministry built his faith in such a way, that he is known today to have immense faith.

The legacy of Tim's parents has been instilled in the very core of his being. Ministry is the highest priority in his life. Evangelism is his passion! Tim's family has been involved in every aspect of evangelism: driving tractor trailers, transporting massive tents they erected to hold crusades for months while conducting revivals in churches of the surrounding communities. The Houska family was in church every single night of their life. During Tim's travels on the evangelistic field, he attended at least 14 different schools where he always remained at the top of his class. The Houska family crossed paths with many of the great evangelists from the old school days. As a very young child, Tim Houska remembers meeting and being in the services of some of these memorable and influential evangelist. These ministers influenced his life; those such as Kathryn Kuhlman, R.W. Schambach, and A.A. Allen just to name a few.

Years passed as Tim's dad was given a new mandate by the Lord removing them from tent ministry to planting and building churches. The Lord would direct the Houska family to different towns and cities to begin this new planting process. This was very exciting to Tim! He worked hard with his dad in transforming buildings, so that a small town or city could have church where the lost could have an opportunity to give their life to the Lord. His dad, Robert would then hold

a grand opening where Tim's parents would pastor, preach building the congregation and ministry. Once the church became established Robert Houska would place this new church into the hands of a minister of that city. The Houska family would pack up, move and drive to the next city by the leading of the Lord. The planting process started all over again! Many of these churches are still thriving today. Tim alongside his dad planted and sowed, giving their lives to the Lord so that others may know Christ Jesus. Whatever they put their hands to do the Lord gave them increase. After all the Word tells us it is God who gives us increase. First Corinthians, Chapter three, Verse six tells us this; Paul said, "I have planted, Apollos watered; but God gave the increase."

Tim and his wife Sheryl, along with a small team headed for Jamaica where they ministered on top of Prayer Mountain in a crowd of more than 20,000 people. Our team was invited into a large church while holding this event where Tim preached and the team laid hands on over 10,000 people in this one service. Then under another tent crusade we were asked to minister where again Tim preached and our team prayed for over 7,000 people under this tent. The power of God was miraculous!
